News Briefs

First Baptist celebrating 60 years

The First Baptist Church of Belle Glade is celebrating their 60th anniversary July 10 and 11 for a schedule of events at Airport Park.

Activities include a tennis tournament, softball, volleyball, and horseshoes for the adults.

Children's activities include sack races, dodge ball, tag-of-war and more.

A luncheon will be served at 1 p.m. for members and guests.

Activities will continue in the afternoon winding up the day at 7 p.m. with a gospel sing at the Church featuring soloists and groups from around the lake. Sunday morning's service will be led by former pastor, Reverend Steve Cloud, followed by a covered dish dinner at the church.

The First Baptist Church of Belle Glade was founded on July 2, 1933 with 24 charter members. Two of those members are still living - Mary Schlechter and Rosalee Collins. The first tabernacle was constructed on October 18, 1934. Prior to that, services were held in the old schoolhouse nearby. Since that time, two sanctuaries have been built, one in 1936, and the present church built and dedicated June 2, 1985.

In its 60-year existence, the church has had 13 pastors, starting with Charles W. Dillworth to the present pastor, Rev. Craig Hartzog.

Gospel singing planned at Glades Health Care Center

The Women's Auxiliary at the Glades Health Care Center will sponsor their monthly Gospel Sing on Friday, July 2, at 7:30 p.m.

This will be held at the Church of the Nazarene, 480 Bacon Point Road, Pahokee.

Various groups will sing and Pastor Dever says a great time awaits everyone who attends. Jimmy Sims of Sugar 900 radio station in Belle Glade will be the master of ceremonies. A free-will offering will be received to help the various activities that are sponsored by this Auxiliary for the patients at the center.

For more information, call Carol Peden at 924-2767 or Pastor Bob Dever at 924-7998.

Migrant Summer Camp for student

This summer the Department of Federal Programs of the Palm Beach County Schools will be offering a Migrant Summer Camp for students ages 3 to 5 (Pre-K to second grade) free to migrant children. The camp will be held at Rosenwald Elementary School on July 26 to August 12 from 8 a.m. to 12:30 p.m. Monday through Thursday each week.

Parents will need to provide transportation to and from school. Breakfast and lunch will be served. Call 99-4935 or 998-4937 for more information. Ask for June or Clara.

Watermelons and the Fourth of July go together

Selling watermelons are... pictured front, from left are Manuel Jaimez, Luis Jaimez and Bennie Sanchez. Backrow from left are Arturo Jaimez, George Sanchez, Samuel Sanchez and Jose Gomez. The boys were selling watermelons on N.W. 16th Street.

State Road 15 south of Pahokee to close for three months

State Road 15 will be closed to all through traffic for three months beginning Tuesday, July 6, from Pahokee south for six miles to Hooker Highway, according to the Florida Department of Transportation.

Traffic will be detoured to the west to State Road 715 during this 97-day period. Local residents along S.R. 15 will have access to their homes.

The road must be closed at two locations in this six-mile section in order to rebuild curves. The entire section will be repaved during this period as part of a \$705,000 contract.

Ongoing construction

State Road 15 continues to

undergo repaving from Canal Point along the eastern shore of Lake Okechobee for seven miles to the Palm Beach-Martin County line. One of the lanes is closed for a mile at a time during daylight hours Monday through Friday through July.

U.S. 27 continues to be widened from two to four lanes from 5.5 miles north of the Palm Beach-Broward line northward for 6.5 miles.

This \$10.2 million project continues through February 1994.

State Road 80 between Belle Glade and South Bay is being repaved from the Hillsboro Canal southwest from about

four miles to U.S. 27. The project also includes repaving a half-mile section of Avenue E east of S.R. 80.

A two-mile section of S.R. 80 that is undergoing reconstruction has a lane closed in both directions at all times through July. The \$2.5 million project will be complete in September.

U.S. 27 from the South Bay city limit for six miles west along the shore of Lake Okechobee to the Miami Canal is being repaved.

One lane at a time may be closed during daylight hours to remove old pavement and place new asphalt. The \$1,576,000 project will be completed in September.

City halls closed Monday for holiday

Belle Glade City Hall, South Bay City Hall and Pahokee City Hall will all be closed on Monday, July 5 due to Independence Day falling on Sunday.

They will open for regular hours on Tuesday morning.

The South Bay, Pahokee and Belle Glade libraries will also be closed in observance of the holiday.

Robber, escapee gets 7 years

A Belle Glade man charged with armed burglary, grand theft auto, burglary with a firearm and escape will serve seven years of a 26 year sentence, according to Det. Michael Wingate with the Palm Beach County Sheriff's Office.

Ralph B. Moore, 28, of Pahokee pled guilty this week to the charges. He escaped from the Palm Beach County Sheriff's Office Motor pool on April 1, of this year. Before he was recaptured, he broke into his girlfriend's house and a second residence in Pahokee.

Police say Moore stole an Oldsmobile from the parking lot of Wellington Regional Medical Center before being recaptured in Pahokee the next day.

Safety tips for a safe and happy 4th

By BRENDA BUNTING

Biting into an ice-cold slice of watermelon and watching the fireworks over Lake Okechobee seems to be a winning combination many Glades residents will enjoy this weekend.

Having a finger blown off by a firecracker will also make this a memorable weekend... but not a good memory.

The Belle Glade Police Department would like to offer a few tips on the proper way to handle fireworks so you and your family can enjoy Independence Day without injury.

They suggest children always have an adult present when using fireworks and parents should always read and follow the label directions.

Purchase your fireworks from a reliable fireworks seller and always ignite firecrackers and sparklers outside.

Have water handy in case of fire and it's suggested that you only light one firecracker at a time.

NEVER re-ignite fireworks or throw them at someone and

in metal or glass containers.

Small children should not handle fireworks and fireworks should not be carried in pockets of clothing.

Do not attempt to make your own fireworks...leave that to the professionals.

Always dispose of fireworks properly and if you have left over fireworks you want to save for next year, store them in a cool, dry place.

Purchase only fireworks that have been approved by the State Fire Marshall's Office and are legal in the State of Florida.

And remember...the City of Pahokee is again this year sponsoring their spectacular fireworks display over Lake Okechobee. The performance is free and should begin about 9:15 p.m. Sunday evening.

The Chamber of Commerce will be selling hot dogs and soft drinks, but not watermelon, so if you plan to slice into a red, juicy melon, you'd better bring your own.

Husband and wife charged in death of two-year-old son

By BRENDA BUNTING

SUN Editor

A husband and wife charged with second degree murder in the death of their two-year-old son in December of 1992 have pled guilty to a lesser charge.

James and Crystal Booth of Clewiston were allegedly purchasing drugs on August 23, 1991 in South Bay when police say the deal went sour.

The Booths fled in their car with their two-year-old son James Booth III sleeping in the back seat.

Joseph Francis, who allegedly was selling drugs to the couple, shot at the fleeing car and a bullet went through the trunk of the car, through the back seat and killed the child.

In November of 1992, Francis

pled guilty to second degree murder and was sentenced to 17 years in prison.

The Booths both pled guilty in December of 1992 to manslaughter without a firearm. The robbery charges against the Booths were dropped.

Both will serve three years in jail and two years of supervised community control and five years probation.

James Booth was taken into custody immediately after the plea, and Crystal Booth will reappear in court on July 29 for final sentencing.

Judge Michael Miller agreed to give Mrs. Booth two weeks to straighten out her personal affairs before starting to serve her time.

Glades Sports Day to host NFL stars

By David Ranieri

Staff Reporter

Glades Sports Day will showcase some of the finest athletes in the National Football League.

The event will also have a local flavor as some of the Glades' finest athletes will also be in attendance.

The day's festivities kick off at 9 a.m. today with a free football camp. Football players ages 13-18 will have the opportunity to be taught by NFL players at Glades Central High School.

Instructors include:

- Pahokee's Rickey Jackson (Saints)
- Glades Central's Louis Oliver (Dolphins), Jessie Ebert (Colts) and Jimmy Spencer (Saints)
- Clewiston's Randy Dixon (Colts)
- Reggie Freeman (Saints)
- Anthony Carter (Vikings)

•Giant's linebacker and future Hall of Famer Lawrence Taylor

•retired Dolphins wide receiver Nat Moore.

At 1 p.m., each NFL player will play in a two man best ball format golf tournament at Belle Glade Country Club on Torrey Island Road that benefits Pahokee, Glades Central and Clewiston High Schools. Clewiston's golf pro Calvin Peete will play a hole with each group.

At 7:30, the NFL team plays the Glades All-Stars at the Glades Central basketball court. A lucky fan will have the opportunity to win \$1,000 by making a shot from halfcourt.

Jackson, Carter and Peete are members of the Palm County Hall of Fame. All area residents are invited to see these fine athletes and to take part in the day's events. So come out and enjoy.

More Cub Scouts...Last week we showed you a picture of some of the Cub Scouts participating in the Cub Scout Summer Camp in Clewiston. Here are the remainder of those who had a great time. Not in order are Derrick Delbosque, 8; Brian Gummere, 8; Rob Green, District executive director; Jeffrey Woodhys, 10; Dustin Hart, 8; Knox Mack, 8; Nelson Willis, 9; Jai Subramanyam, 10; Jorge Alonso, 7; Maurice Police, 10; Robert Hammock, 10; Samuel Turner, 9; Timmy Massey, 9; Martin Espinoza, 6; Anthony Espinoza, 8; and Bud Tipton, 7.

GGH employee gets Medical Laboratory Technology degree

Christopher Skillington

Christopher James Skillington of Lake Worth, Florida, has been awarded the Master of Science in Medical Laboratory Technology degree from Central Michigan University, Mount Pleasant, Michigan in May commencement exercises. Skillington earned his bache-

lor of Science degrees in Biology and Psychology from Washington University, Saint Louis, Missouri. He completed the Nuclear Medicine Technology internship program at The Charity Hospital of Louisiana at New Orleans with certifications from the American Registry of Radiologic Technologists and The Nuclear Medicine Technology Certification Board; the Medical Technology internship program at the Memorial General Hospital, Las Cruces, New Mexico with certifications from the American Society of Clinical Pathologists and the National Certification Agency for Medical Laboratory Personnel; and the Computed Tomography/Magnetic Resonance Imaging internship program at Kettering College, Kettering, Ohio, graduating with honors. In addition, he completed his

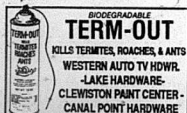

Emergency Medical Technician/paramedic at Saint Louis Community College at Forest Park and the Saint Joseph Health Center, Saint Charles, Missouri; and served for four years as an officer in The United States Air Force Medical Service Corps.

Skillington's collegiate organizations included the Eta Sigma Gamma health professionals honorary, Sigma Iota Epsilon management science honorary, and Inter-Varsity Christian Fellowship.

His professional organizations include the American College of Health Care Executives, American Hospital Radiology Administrator, and Clinical Laboratory Management Association.

He is employed by Glades General Hospital, Belle Glade.

Lasers leave little or no scar tissue. This helps alleviate post operative pain.

System is unjust

I'm calling to let you know that there's a lady in Belle Glade our system has deemed "unhelpable." I guess you would say.

She's 62 years old and she's totally disabled. Our system has given this lady \$14 a month in food stamps to live on.

I've contacted numerous people to see if there's anything that can be done, but the buck keeps passing on down the line. Everyone is too busy or it ain't their problem.

It just like everyone to know that our wonderful system is really messing over our older people and something needs to be done about it.

Blacks not being treated fairly

I'm calling in reference to things that are going on at Palm Glades Apartments. I'm very disappointed in the NAACP for them to sit back and allow the prejudice and racism to go on after people have brought it to their attention.

Somewhere the line has got to be drawn. We pay too much rent for this type of behavior.

Editor's note: We spoke with Gregg Jenner, Property Administrator for Palm Glades Apartments. Mr. Jenner said he was very surprised to hear that someone feels Blacks are not being treated well. He said he has had no one come to him with racial complaints but he has received compliments on how well things are handled at the apartment complex. He encourages the caller to contact him personally at 996-7000 to express their concerns or come by to see him.

How can South Bay grow?

How can businesses survive and how can South Bay grow? How will an R.V. Park survive? Who will want to come to South Bay with all the break-ins and destruction to homes, businesses and visitor's parked cars and trucks?

Where the R.V. Park is supposed to be going you can't even leave your car parked to go fishing nor without someone breaking into it.

Businesses stay busy mending damages done by break-ins. No arrest and no money being paid back to us for repair costs.

South Bay is the Cross Roads, but what? We can't grow because some people will not let us grow. People will get fed up and leave and then we will have a ghost town.

I guess that's what the people of South Bay want. If not, wake up, and help put a stop to what is surely to come - loss of business, loss of visitors, for they surely won't come back after one visit as we are now.

People of South Bay, surely some of you must know who is doing all this. Are you just going to stay quiet and let South Bay become a ghost town?

You need to get these people off the streets. South Bay Mayor Clarence Anthony responds:

"Let me first say that South Bay's businesses

will prosper. South Bay will grow and the RV Park will not only survive, but it will represent the second phase of the economic development program of the City. The first step was the expansion of the boat ramps.

"However, the concerns noted by the writer in the 'Speak Out' column are legitimate and cannot be taken lightly by the citizens or the City government. The City has worked hard to create a safe community for businesses and citizens. Unfortunately, criminal activity does occur but arrests are being made in most of those cases and the police are doing everything possible to apprehend criminals. The City of South Bay is not 'soft on crime,' therefore, if crimes are reported, we respond swiftly. I agree with the writer that the people in our City need to 'wake up and help put a stop to what is to come,' in that the citizens must get involved in programs that are designed to curb criminal activity such as the Crime Watch Committee, the Youth Advisory Council, or the Police/Community Relations Board. I believe in the City of South Bay, its business community, and its citizens. I know that we have the ingredients to create a strong economic community that is safe. I urge the writer to believe in our City enough to get involved along with other citizens. South Bay, to me, is like an undiscovered paradise - but never a ghost town. Thanks to the writer for your comments and please get involved!"

Unemployment Compensation

I'm writing to the Speak Out, Opinion Page because I'm interested in finding out about the School Board of Palm Beach County. I'm an employee. My job is a teacher's aide. We work the months of regular school days.

But what I don't understand is why we can't receive Unemployment Compensation. Our last day of work is June 11. We go back to work August 22. We don't receive any pay until September 15, yet they continue to say we're year round, but we're not. Then they say the insurance is continued for you. I'd rather drop the insurance three months and receive unemployment. As a single parent, you have to try to get help for the next three months until September 15. I have to get an extension on my light bill but I can't get it one on the water. They'll cut you off in a minute.

Could you please find out what the big idea is that we can't draw unemployment compensation. I don't understand. They say if you're planning to come back next year you can't draw it, but you don't receive vacation pay or bonuses that would help you through the summer.

Please, check this out for me and I'll be looking in the Speak Out for an answer. God bless you.

Concerned Citizen
P.S. Pay the employees what they deserve.

Penny disposal fee to be added to containers beginning Oct. 1

Effective October 1, a one cent advance disposal fee (ADF) will be levied on all bottles, cans, jars or beverage containers, including food, that are made of glass, plastic or plastic coated paper.

"The ADF is part of Florida's solid waste legislation that was passed in 1988 and expanded this year by the legislature," said John B. Pearman, president of the Retail Grocers Association of Florida (RGAF). The ADF is designed to encourage recycling and the use of recycled products.

The Department of Revenue expects \$25 to \$30 million to be raised by ADF in the first year. Thirty percent will be used for supplemental grants to counties, 12 percent for improving recycling markets, 19 percent for the Surface Water Improvement Trust Fund, 27 percent

for the Sewage Treatment Revolving Loan Fund and 12 percent for the State Park Trust Fund.

"While the increase in price for the products in containers subject to the ADF is only one cent per container, we want our customers to understand what this fee is all about when they start seeing signs in their grocery and convenience stores," said Pearman. Notification to the public by retailers is required by the law.

Any bottle, can, jar or beverage container in excess of five ounces but not more than one gallon and made of glass, plastic or plastic coated paper, is subject to the ADF. Containers made of aluminum or metal are exempt because both materials are being recycled at a rate exceeding 50 percent.

The ADF will be collected by

wholesalers and distributors and by law must be passed on to retailers who must then include the ADF in the prices they charge their customers.

Retailers must also notify their customers about the ADF either by including a statement about ADF on the cash register receipt or by posting signs in the store.

Effective July 1, 1994 glass containers can be excluded from the ADF if the container is made of 35 percent or more recycled product. Plastic containers can be exempt if they contain 25 percent or more of recycled products.

RGAF is a non-profit trade association representing 6,000 supermarkets, convenience stores, wholesalers and suppliers serving Florida's food industry.

The sunny days of summer: Take cover from cancer

By United States Senator Connie Mack (R-FL)

As summer nears, many of us anticipate warm sunny days filled with trips to the beach, afternoons of golf, or a day of gardening. What most of us do not anticipate, however, is the serious health risk lurking beyond these outdoor activities: skin cancer.

Skin cancer is the most common type of cancer in the United States. According to the National Cancer Institute (NCI), 40 to 50 percent of Americans who live to age 65 will have skin cancer at least once.

There are several risk factors NCI points to which increase the risk of developing skin cancer. The most common risk factor is exposure to ultraviolet (UV) radiation. UV radiation from the sun, and artificial UV radiation found in tanning booths, are the most frequent sources of this harmful radiation.

Skin cancer is more frequent in states with high levels of UV radiation, such as California and Texas. While proudly known as the "sunshine state," Florida ranks second in the nation in the incidence of skin cancer.

Skin and hair coloring also play a role in developing skin cancer. The risk is greatest for those with light-colored hair, skin which freckles

easily, and blue or light-colored eyes.

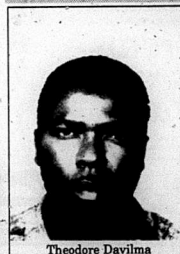

But Floridians and other sunshine lovers do not have to run indoors for cover. In fact, by taking preventive measures, the risk of developing skin cancer is greatly decreased.

Excessive sun exposure and sunburn should be avoided, recommends Dr. Armand Cognetta, a Tallahassee-based dermatologist. Using an effective sunscreen is also important, especially between 10 a.m. and 2 p.m. when UV rays are their strongest, according to NCI.

Dr. Cognetta warns to watch any moles exhibiting changes in color, height, border, shape, or itching. Also, new moles formed after age 21 are uncommon. Any moles exhibiting these symptoms, or new moles, should be brought immediately to the attention of your doctor. Dr. Cognetta adds skin cancer is one of the most curable if detected early, but one of the least curable if not.

Enjoy the sun, but be sure to follow cancer prevention procedures. Please write to me, Senator Connie Mack, with your views on this topic or any other issue. Send your letters to 517 Hart Senate Office Building, Washington, DC 20510. Thank you.

Crimestoppers

Theodore Davilma

Crime Stoppers of Palm Beach County, Inc. is asking for your help in locating Theodore Davilma, age 42, who is wanted for failure to appear on charges of sexual activity with a child and lewd assault.

Davilma's last known address was 2032 North Dixie Highway, Apartment 12, West Palm Beach.

He is possibly driving a brown four-door Honda Civic, tag number KAL40M.

He is described as six foot, weighing 200 pounds. He has black hair and brown eyes and

police say he has a scar on his right eyebrow. His Social Security number is 591-52-8661. His occupation is as a minister.

His warrant was active as of June 28, 1993.

If you know the whereabouts of Theodore Davilma, or anyone involved in a serious crime, call Crime Stoppers at 1-800-455-8477.

You do not have to give your name. Remain completely anonymous and receive a cash award if your tip leads to an arrest or recovery of stolen property.

Mrs. McDonald's Summer Recreation Program, sometime in the early 1960's, possibly early 1960's. Anyone recognize some of these faces? If you'd like to help us identify the children in the picture, give us a call at 996-4404. This photo was given to us courtesy of Grant Averil.
